Editorial

What have all had a sad month since our last issue.

Sadly Dawn Carter passed away on Tuesday 6th February at the R D&E hospital. Dawn was a former resident of Talaton. Mother of Robin, Sally-Ann and Ruth, wife of John Carter, farmer, deceased. A memorial to Dawn will be written for next month's calendar. Funeral to be arranged but date and time will be announced in the Talaton Shop.

Farming at Lashbrook Farm, Dawn and John were very prominent in the Parish, John through his Council work and his involvement in the creation of the Village Shop, and The Calendar. Dawn for her tireless involvement in amateur dramatics, starting in the 1960s (when we arrived here), and we all worked hard in the pantomimes and shows we had. Loads of costumes were made along with appearances in character roles, frequently in partnership with John. Our condolences to the family.

And finally, Radio 2's Steve Wright passed away at an early time of life, and will be sadly missed on the air. His radio show was always worth listening to. Radio 2 will be lost without him.....

One final matter in the Hall. The curtains require re fireproofing, and this is proving to be expensive, so the proposal is to remove the window curtains to remove that risk. There are still blackout blinds on the windows. The stage curtains we will re fireproof and keep them, so make sure you don't need them when you book the Hall. Liase with Phil Deacon on this.

March is an exciting time in the garden. Weather permitting, it should be the time to start sowing many of those seeds you have bought, well some of them at least. Broad beans, broccoli, cabbage, leek, peas and spinach **will all germinate at fairly low temperatures, but don't be too impatient**, there are 31 days in March and hopefully the ground will start warming up enough for lots more. It is a good time for onion and shallot sets, if you have not already planted them. You could also put your early potatoes in.

Trim up perennial herbs such as rosemary and sage and propagate chives and mint by digging them up, dividing them and replanting.

If you still have time on your hands you could begin to prepare beds for sowing and planting in April, but remember that if the weather is kind to us the new leaves will be opening and ready for the first aphids of the year. It is worth keeping an eye out for them and acting before they have multiplied.

If you are still planning to plant bare root fruit bushes or trees it really is your last chance this year, while they are still dormant

Don't forget to check your rhubarb, if you have put forcing cloches over it. Then what about sit-

ting back to enjoy the first tender crop?

Remember to keep encouraging the birds. Many will repay your kindness by reducing the insect pests in your garden throughout the year.

Churchyard Tidy up

Saturday 16th March

with a fall back date to the 23rd March if weather is a wash out.

The date everyone has been waiting for! Each year willing volunteers spend a morning in the church grounds and paths, doing basic tidying up, cutting back, weeding borders, some graves and so on, to ready it for **the Easter weekend and the year ahead. We won't be cutting grass, as that's taken care of very effectively by Matt Kingdom and his team** throughout the season.

If you'd like to be part of a very sociable morning, at the same time helping our village church to look it's best, then please come along around 10.00, armed with usual gardening equipment. Wonderful cakes and tea/coffee are served around halfway through courtesy of Jo Spencer, and we aim to finish around midday, when occasionally some of us visit the Talaton Inn to quench our thirst.

I hope you can make it - any questions or comments, please let me know?

The Racing ROBOTS

On 31st January, the ROBOTS had another of their annual pilgrimages to the races. Despite having been four or five times before, there were still eleven takers, although on the day one ROBOT was sadly a non-runner!

Gordon was determined to reimburse our missing member and approached a surprised punter in the queue for tickets by suggesting (out of the side of his mouth in true Wembley tout fashion) “Psst! Do you wanna come in with us?” He was too startled to argue, and so 10 ROBOTS and a shell-shocked alien went inside.

We quickly grabbed a table in our favourite bar/restaurant and settled down to amicable social interaction which is what the ROBOT Club is all about! An hour went past before we became aware that Haldon Hill was totally immersed in cloud! You could not see more than 20 yards outside (Robots don’t do metric!). We were just resigning ourselves to the fact that racing would be abandoned when a breeze got up and within 5 minutes all the mist and murk was completely gone.

So, in the end it was another very enjoyable social day out. The best bit – we had a new member with us, and it was his first ever time going racing. We will let you know if he comes next year!

A final footnote – rumour has it that only one jolly punter left the course in profit but not sure if he bought the last round or not!
